LOOKING BACK . . .

Baccalaureate: Sunday, May 27, 1973

Commencement: Tuesday, May 29, 1973

Class Officers:

President Jeff Boddy

Vice-President Margaret Jackson

Secretary Kathy Delaney

Treasurer Gayla Drake

Class Flower: Sweet Pea

Class Colors: Rainbow

Class Motto: Believe In The Rainbow
Trust In Mankind
Have Faith in the Future

Class Song: "Lean On Me" - Bill Withers
"Tomorrow" - Richard Garner

Sometimes in our lives we all have pain, we all have sorrow;
but if we are wise we know that there's always tomorrow.
Please swallow your fright if I have faith you need to borrow.
For no one can fill those of your needs that you won't let show.
If there is a load you have to bear that you can't carry. I'm
right up the road. I'll share your load if you'll just call me.

CHORUS:

You just call on me brother when you need a hand, we all need
somebody to lean on. I just might have a problem that you'd
understand; we all need somebody to lean on. Lean on me when
you're not strong, I'll be your friend, I'll help you carry
on. For it won't be long till I'm gonna need somebody to lean on.

Phone: (615) 822-4742

Married: 10 years
Children: 1

Occupation: Wait Staff, Homemaker, Wife, Administrative Assistant at Cracker Barrel.

Attended University of New Mexico. Activities: Country music in Nashville - being at home in my garden (we grow green chili from New Mexico and they said it couldn't be done). I married a wonderful man 10 years ago on August 29, 1983. We have a son named Jaron Evan Eaton - he just passed 1st grade. My husband is in the music business and so am I to a certain extent. We love Nashville, but New Mexico and the desert will always be in our hearts. By far - my best accomplishment is my son. He is truly a blessing.

Spouse's Name: James

Occupation: Account Executive

My hobbies are traveling and shopping!! What leisure time? You must be kidding. I still love to listen to good ol "rock n roll." I have been in mortgage lending for the last eight years as a mortgage loan officer. With interest rates at an all time low, I have been the top producer in my office for the last two years. It's been great being able to assist people in purchasing their first home.

Married: 11 years
Children: 2
Spouse's Name: Haluk

Occupation: Communication and Relationship Consultant

1 year at U.N.M., 1 year at Brazosport Jr. College (south of Houston). My leisure activities: I travel, play with my kids (Paul-8 yrs., Nicole-7 yrs.), Brownie Troop Leader, go to the kids' baseball and other sports events. Managed an office building department for a developer in Houston, took the est training and worked for that organization, married Haluk Oran in 1982, had our son Paul in 1984 and daughter Nicole in 1985. Formed my own consulting business in 1987. I work with management and staff inside organizations to be in communication with each other so that they are empowered by their work as well as produce the results necessary to move the company forward. I have also worked with couples to support their relationship. We moved from the Dallas area to Round Rock (near Austin) in September, 1992. I'm sorry that I can't attend the reunion. I hope you all have fun!

Married: 18 years
Children: 4

Occupation: Operations Manager - UPS

Attended San Juan College. I enjoy bow hunting, fishing and traveling. I spent 3 years in the U.S. Navy and have been with UPS for 16 years. First as a driver in Farmington, promoted to supervisor of Gallup and Grants, promoted to manager in Albuquerque. Have managed three of the centers in Albuquerque. We do a lot of traveling to Florida for vacation, do a lot of bow hunting, and have taken 3 Caribbean cruises and have a fourth planned for October. I spend a lot of time with my four children, helping with high school band boosters, Little League Umpire in Chief, 4-H leader and County Fair board member. Looking forward to retirement in about 5-6 years.

Spouse's Name: Ron

Occupation: Administrator

San Juan College, NMSU. I enjoy camping and traveling. The summer after graduation, I went to Europe with the People to People program. Then I came home and attended San Juan College for a year. I finished my BA at NMSU. I graduated in 1976 with a BA in psychology.

After college I married Paul Milner. We moved back to Farmington. I worked for the State of New Mexico as a social worker specializing in Protective Services to Children. After 1.5 years, Paul and I moved to

Judy (Batley) Castleberry (Cont'd)

Albuquerque. We were houseparents for Intermountain Centers for Human Development. The children we took care of were CHINS from the Pueblos in the Albuquerque area. While working at the group home we had our own child, Adam Milner (now 14).

In 1980 we returned to Farmington and I went to work for Four Corners Good Samaritan as a social worker. A few years later, our marriage ended and it seemed like a good time to make a career move. I was accepted into the Good Samaritan intern program. I interned for a year in Boulder, Colorado and got my administrator's license.

Since 1983 I have been the administrator at Wymore, NE-Good Samaritan; Artesia, NM-Good Samaritan, and Four Corners Good Samaritan, Aztec, NM.

While living in Artesia I met and married Ron Castleberry. Ron had 3 children so I am now stepmother to Shawna (23), Perry (21) and Greg (14). Ron is the Environmental Project Director at Tierra Environment Co.

We moved back to Farmington in January, 1992. We are glad to be back and plan to stay.

Phone: (404) 395-1288 and 512-7480

Married: 7 years

Children: no

Spouse's Name: Tiane

Occupation: Utility Consultant

Attended New Mexico State University, both undergraduate and graduate school (B.A. in Economics & English, M.A. in Economics). I enjoy sailing, hiking, also practice and help teach Tai Chi Chuan and Chi Gong.

Thanks for your invitation to the class reunion. I wish I could attend this year, but my wife and I will be on vacation on July 9 and 10. Otherwise, I would have made plans to be there. I hope you have all had happy lives over the last 20 years. I'll try to give you a brief rundown of what I've been doing over the last 20 years. After I graduated in '73 I stayed in Farmington for a while. I attended what was then the NMSU Branch College for two years. After that, I worked at the Farmington Daily Times in the printing shop helping to put the paper together every day.

I went to Las Cruces to attend NMSU in 1977. I got a Bachelor of Arts with majors in Economics and English in 1979. I got a Master of Arts in Economics in 1982. After that, I moved to Santa Fe to take a job with the New Mexico Public Service Commission. The Commission regulates rates for public utilities in the state. I met my wife, Tiane Sommer, at the Commission. She was working there as a Staff Attorney. We got married in 1986.

In October 1989, I got an offer to work with Kennedy and Associates in Atlanta, Georgia. Kennedy and Associates is a private consulting firm that provides services to clients in the area of gas, electric and telephone rate analysis. I am currently employed as a Manager.

While I was in Santa Fe, I got involved in Tai Chi Chuan, a form of exercise developed in China many centuries ago. After I moved to Atlanta, I got involved with an organization called the Center for Taoist Arts, where I learned more Tai Chi forms. Currently, I help teach these forms, along with another internal exercise called Chi Gong. These forms of exercise are tremendously beneficial and our response from people has been very positive.

Richard A. -Rick- Baudino (Cont'd)

My wife also got me involved in sailing and this has been a lot of fun for the both of us. In fact, the reason I cannot attend the reunion is that she and I, along with some other folks, are chartering a sailboat down in the Virgin Islands and will be sailing around the islands from July 1 through July 12. We're looking forward to it.

Once again, sorry I'll be missing you all. It sounds like it will be a great party. Take care and hope to see you when I'm in Farmington again.

Occupation: Homemaker/Pastor's wife

BA from Bob Jones University in Greenville, SC. My hobbies are reading, cross-stitch, needlepoint, bowling, horseback riding, walking and time spent with my family. For the past 18 years I have been serving the Lord beside my husband who pastors a large rural church. God has been very good to us in giving us three precious children. Sarah is 12.5, Nathan is 10 and Hannah is 4.5. I have now lived in the south almost as long as the years I grew up in Farmington. The southern hospitality and traditional lifestyles suit me well, but at times I do miss the wide open spaces of the west! I am sorry that it is not possible for me to be at the reunion. I wish all of my good friends well.

Spouse's Name: Karen

Occupation: Military - Wyoming Air National Guard (19 years)

Attended Laramie County Community College. Enjoy spending time with my sons, camping and golfing. In 1974 I enlisted in the Air Force. After basic training I was stationed at F.E. Warren AFB in Cheyenne, Wyoming. I spent 2 years there, was discharged and worked for the Bureau of Land Management. After 5 years there, I went back on active duty with the Wyoming Air Guard. I have been in the Air Guard for 19 years now, and looking toward retirement. I don't think I am ready for that yet. I have been back to Farmington several times to visit my family. My dad passed away in 1981, so trips to Farmington have been difficult to take.

I have 2 wonderful boys, and a very lovely wife, Karen. Karen's dad moved a lot with his job, and as fate would have it, we found each other here in Cheyenne. Karen is from Billings, Montana, but has lived in Denver, Lewistown, MT and Wheatland, WY.

My oldest son, Justin, is going into the 6th grade and is a very good athlete. He excels in football and basketball as well as karate and some judo. He has put the karate on hold for now, due to added school work. He is able to maintain a good "A" and "B" report card.

Landon is our second child and he will be entering the 1st grade this fall. He is also very active in some sports. Of course he is too young for football, he does enjoy soccer and looks forward to karate this fall.

Karen and I dedicate all of our free time to our children. We have both been PTA presidents. I have coached soccer for about 5 years off and on. Karen works for the Coca Cola distributor here in Cheyenne as an office manager.

After graduation, I continued on with college, first in Farmington at San Juan Branch, and then at NMSU, Las Cruces. I met my husband in between and got married. I left college in 1976, before obtaining my degree, and drove semi-tractor trailer over the road all over the U.S. with my husband for about 5 years. In 1981, we settled in Phoenix. My two beautiful daughters blessed my life in October, 1985 and June, 1988. (Almost waited until I was too old to do the "Mommy Thing"!!) My husband and I were divorced in May 1992, and I am currently single. When I came to Phoenix, I went to work for Shamrock Foods Company and have been there since. In January, 1991, I decided it was time to finish my degree and went back to school at Western International University here in Phoenix. I received my Bachelor of Science, Accounting Degree, Magna Cum Laude, in October, 1992.

BYU-Graduated with Associate Degree in Business. For the 1993-94 school year I will be serving as co-president elect of the Parent-Teacher Organization at McArthur Elementary School. I'm also very active in the Homemaking Department of our church's women's organization; which focuses on strengthening individuals and families in meeting daily challenges and enriching their homelife. I attended BYU for 4 years and received an Associate Degree in Business. When my husband Craig graduated from ASU with his Masters in Business we moved to Philadelphia, PA for a year; transferred to Charlotte, NC, where we lived for 5 years. I loved the south, the beautiful seasons, the gracious people and our lifestyle. From Charlotte we were transferred to Pittsburgh, PA, where we stayed for 1 year. Too Dreary! Missing the west and family we left the "corporate scene" to go into business for ourselves. We are currently living in Mesa, Arizona and loving it. We are a boating family and enjoy the 4 very close lakes. Yes, I'm even still slaloming but not quite as aggressively. We drive through Farmington yearly on our way to Vallecito for our family reunion. I always look for familiar faces. We missed the reunion by 2 weeks. I have 5 very special children and even though very challenging at time, would do it all over again. Hope you have a successful reunion.

Spouse's Name: Rick

Occupation: Housewife

Attended San Juan Community College, Brigham Young University, Utah State University. Activities: Volleyball, cub scouts, boy scouts, reading, home renovation, church service, PTA. Met Rick at BYU. We've moved a lot - 23 times in 16 years. Rick has been in and out of school and has completed a Bachelors, MBA, has his CPA and is now almost finished with his PhD in Accounting. I've been home with the children most of the time. Our 7 children were born in 5 different states. (We had one still born or it would be 8). I've had my children all "natural" - no anesthesia. We've lived through interesting weather - we were in Denver, Colorado during the huge blizzard the winter of 1982-83. Our front door wouldn't open because the snow was higher than the handle. Then in Houston there was flooding rain in the parking lot. We opened our car door and water went in the car. On the freeway cars were stalled from rain backing up in tailpipes. We were in the middle of Hurricane Alecia. We even went outside when the eye of the hurricane passed over. We saw tornadoes touch down within blocks of us. We experienced minor earthquakes in California. My oldest son, Thomas, won a State Math Contest in 7th grade and a State English Contest in 8th grade (both through Rocky Mountain Talent Search). My oldest 2 sons are in the process of filing their papers for their Eagle Scouts.

After 5 sons (6 if you count the still born), I had a daughter born on my birthday - an unexpected surprise - we expected another boy. Our one year old is also a girl. Our plans are to settle in Springville.

If years could be bottled as vintage wines.....

- 1974 Good year - paid off my first car. No paternity suits. Looking forward to going to college.
- 1975 Started my biggest adventure (to date) — college. This could be fun! Small doubts and concerns nevertheless.
- 1976 Relatively mild and uneventful. Thrill and novelty of being "on my own" has waned.
- 1977 Into the college grind.
- 1978 Drought and poor harvest. Dropped out of college for knee operation. Got hurt in PE. Went into very nasty with me.
- 1979 Very good vintage. Back on track! Graduated, B.S. Chemical Engineering. Look out world!
- 1980 Good year when bottled, later turned sour through careless handling. Got married! You would think a recent college graduate would be smarter.
- 1981-83 Relatively good years though lacking outstanding qualities. Fast forward.
- 1984 Tried to drink 1980 vintage. Found it had soured. Poured it down the drain. Really cleaned out my "pipes"! Poorer, but wiser.
- 1985 Bumper harvest! Married Beverly! Very good move - very good year.
- 1986 Big job changes - company merger. Vintage quality is unknown. Do I see clouds on the horizon?
- 1987 Bottled a very promising harvest. Must age 15 to 20 years before it can be fully appreciated. Beautiful baby daughter, Kymberly Jean, born January 19.
- 1988 Another bumper crop. Promises to be a robust wine with lively flavor. Very, very energetic and willful and stubborn (sound like anybody you know?? No, no, no — on her side!!) baby boy, Stephen Michael, born June 12.
- 1989 Storm originating from 1986 merger reaches full force. Company declares Chapter 11 bankruptcy. Ferocity of storm wipes out this year's crop and severely damages vineyard.
- 1990-91 Subsidence of the storm means hard work is needed to rebuild and survive losses. Many weary days and worried nights.
- 1992 Hard work is beginning to pay off. Storm damage mostly repaired. We're back into bottling wines with promise. Chapter 11 is over. However, much yet to be done.

Occupation: Homemaker/Teacher (I teach 4 year olds, 3 days per week)

I teach preschool, have one daughter in grade school, another in Junior High and a son in High School. My husband is back in College, so we do have full and diverse days. I still enjoy sewing, camping/hiking and walking for exercise. Mel and I married in the fall of 1973 and it's been a good life. We watched our first born graduate high school this spring (reassuring us we're middle age). Life is very hectic but full and blessed. My parents still live in Farmington and we visit there often and fondly.

New Mexico State University, Mesa State College (Grand Junction, CO). Activities: Golf and boating. Reunion time has made me self evaluate the past 20 years. I've decided for one thing that I'm probably very wishy-washy. I came to this conclusion after being conned into typing a Memory Book for some reunion. No great highlights really. . .no contributions to world peace, especially since I can't stop my teenage daughter from fighting with my husband. I had hoped to travel to an exotic land, but wound up instead going to Disneyland and a motor cycle rally in Sturgis, South Dakota where I think I got a tatoo- but I can't find it and my husband refuses to hunt for it! My goals for the future are to take a few "Self-Assertiveness" classes to enable me to say no to future reunion committees (only kidding); see my daughter off to college and have my tatoo removed, if in fact I do have one.

On the other side though, life has been great. We lived in Grand Junction for 10 wonderful years, met some fabulous people along the way and have enjoyed raising our daughter. Our families still live in Farmington. I'm a legal assistant for the City Attorney and have worked in the legal profession for 18 years.

Occupation: Systems Engineer

New Mexico State University (B.A. in Drama); Coleman College, San Diego (B.S. in Computer Information Science).

I enjoy singing, guitar, flute, bowling, motorcycling, drama and reading. I went to NMSU to study computer science. Got bored, changed major to drama. Had a good time with that. Graduated in 1978. Moved back to Farmington and worked for my dad. I did quite a bit of work with the San Juan Stage Company over the next 2 years. Won their award for best lighting design 2 years in a row. Also worked with the San Juan Opera Association doing lighting designs for them. Worked nights and weekends at the Abbey Dinner Theater in Durango. I met and worked with the Anasazi Pageant author at the Abbey. Fall, 1980, moved to Seattle, WA to attend graduate school at U.W. Ran out of money (Interlude, I spent January, 1979 in London, England with a theater class. We went to see plays-24 in 27 days.)

From Seattle, I moved to San Diego, CA (1981). Basically hung around there until I got tired of not going anywhere. Went back to school at Coleman College and got my computer science degree. Graduated with honors (4.0 average) in December, 1985.

In the meantime, I met Eunice. We got married on November 30, 1985. January, 1986, I was hired by EDS and they moved us from San Diego to Detroit in February, 1986. (Talk about a busy 4 months!) EDS moved us to Plano, Texas in 1987. That summer Mark and Daylene joined us. They are our 2 middle children (currently 15 and 19 respectively). We moved a short distance north to Frisco, Texas in 1988. (Both Plano and Frisco are suburbs of Dallas). Steven, our youngest, joined us in the spring of 1988. He is 13. I started adoption proceedings on these 3 in 1989 (they were Eunice's from her first marriage). We got finished (finally!) in 1990. Heather, our oldest, joined us in 1990. She is 22. (Can you believe it?)

We bought a house in Frisco, then just under a year later, EDS sent us to Indianapolis. While here, both Daylene and Heather have been hired by EDS. So 1/2 the family works for the same folks.

The work I have done for EDS has been primarily in support of Medicaid claims processing for various states. Since coming to Indianapolis, I have been in charge of a project to integrate the new statewide recipient eligibility system with the Medicaid claims processing system.

I have been active in church since 1984. Over the years, with encouragement from many, I have sang in choirs, sung solos in small groups. In Detroit, I was part of an ensemble that sang in various churches, and even did the Star Spangled Banner at a baseball game (not a professional game). Currently we attend Trinity Wesleyan Church and lead a bible study in our home. No, I have not yet been to the track.

Occupation: Medical Staff Coordinator

Attended San Juan College. Activities: Spending time with my husband, dog & cat. We love the outdoors and take advantage of the fishing, hunting and beauty around us. I also like to cook, garden, swim and travel. I married Peter Akins, my sweetie from Durango, CO, in January, 1974 and have been very happily married to him ever since. He's wonderful to me! The fact that we have no children has made it easier for us to pack up and move around a little: San Diego (twice), Durango, Farmington, Pagosa and back to Farmington. There really is no place like home, but that doesn't mean we'll be here forever. Who knows where we'll wonder off to next. I've mostly done secretarial/administrative assistant work and have found my niche in health care. Peter is self-employed as a marketing director with Melaleuca, a direct-sales company out of Idaho Falls, ID. Our dreams of financial independence are coming closer to reality - at which time we plan to spend more time together, traveling, helping our friends and family, and simply enjoying the good life.

Married: 20 years
Children: 2
Spouse's Name: Gary

Activities: Crafts, down and cross-country skiing, fishing, hunting, camping, slow-pitch softball, motor biking, traveling, water and jet skiing and gardening.

In the past 20 years, after graduation, I married my high school sweetheart on December 22, 1973. Immediately after the wedding we headed to San Diego, California, where my husband was employed in the Navy. We lived 4 years there and 1 year in Long Beach, California where my son, Russell, was born in April of 1976.

After my husband Gary got out of the service we moved back to Farmington, New Mexico, where he went to work for Schlumberger Well Service, which, in turn our daughter, Jessica, was born in February of 1978. We moved to Kirtland two years after living in Farmington. I went to work for Vinson Supply at that time, until Gary was offered a position in Alaska, in June of 1984.

When first arriving in Alaska, we were sent to Dutch Harbor, in the Alucian Chain, which was a great and frightening adventure. As we lived in World War II housing, and had a lot of underground tunnels to explore and so many salmon in the rivers there you could walk on them. We stayed there until December of 1984, in which we left to live in our new home in North Kenai, Alaska and have been there ever since. We really love it here and are planning to retire here. We have only had one bad experience here, which was when we bought a brand new camper, which caught fire, with the whole family in the camper, for unknown reasons at this time, as it is still under investigation at this time. Other than that my life has been pretty wonderful, full of adventures, too numerous to mention, a beautiful home out in the country, full of passing moose and bears and lots of small animals to watch each day, a wonderful husband and two beautiful children.

Occupation: Office Manager

Attended New Mexico State University. Activities: Learning to play the piano. I sing for church and other events. I will also be singing with the Tulsa Opera this fall. After graduation I attended the San Juan Branch of New Mexico State University, pursuing a major in Music in Special Education and a minor in Business. I also played the part of Snoopy in our college production of the musical "You're a Good Man Charlie Brown." The following year I moved to Las Cruces to continue my course work at the main campus of New Mexico State University. I married in the fall of 1974 and had my first son, Chad, in the summer of 1975. We moved to Oklahoma three weeks after his birth and bought a Feed Store and Mill. When my husband developed extreme allergies to the feed dust we sold and moved to Tulsa. My son, Chad, was very ill from the beginning and was diagnosed at age 5 as learning disabled. The next several years were devoted to him and his care and therapy. I also stayed somewhat active with my singing and coached Special Olympics basketball and volleyball. In April of 1982 we adopted my second son, Heath. He was four days old when

Crafting is my passion. I sew, paint, do beadwork and am involved in just about all kinds of crafts. I also love to read. Well, like everyone says, having children was and is a very large part of my life. My career started in 1977 with 3 years as a floral arranger. Then 5 years at the local Ben Franklin Store doing flowers there, including weddings. Then I moved to California and managed a very large "Ben Franklin Craft" store for 5 years. Our family decided we didn't like the life we were living there and quit and came back to Farmington. I now work at the "House of Fabrics" as the Craft Department manager. My daughters are in high school and junior high. My husband is very involved with the Vietnam Memorial. He was in the Vietnam War. We've been married 20 years this summer. Life has been a roller coaster for us but the good times always out weigh the bad.

Spouse's Name: Katie

Occupation: Family Practice Physician

UNMBS '76, UNMMD '81; University of Missouri, Columbia, 3 year residency '84 My hobbies are playing with my kids, gardening, hiking, bicycling, swimming (all except maybe playing with kids, on low-key, noncompetitive level!). Highlights are: 4 years of college, 4 years of medical school, 3 years of residency in Columbia, Missouri, 9 years of private practice in Raton (where does the time go?). Married Katie Kierst (a wonderful person from ABQ), still having kids. Square danced and folk danced a lot, but not anymore. Family life is great.

Spouse's Name: Dick

Occupation: Homemaker

University of Washington. Activities: Gardening, reading and camping. After several years working as a dental hygienist, I was abruptly shaken with news of my dad's drowning in 1980 and my mom's suicide in 1981. Life completely fell apart, with additional marital problems and admission of my own alcoholism. Leaning to God for help, my husband and I became born again believers and have witnessed nothing short of miraculous changes in our lives. God has restored our marriage, put us back on our feet financially, and given me sobriety and emotional stability. God has also blessed us with three children who I have had the joy and privilege of homeschooling.

Spouse's Name: Enid

Occupation: Research Scientist

Attended Westminster College (Salt Lake City, Utah); University of California (Berkeley, CA). My leisure activities are traveling, walking in the mountains, swimming, playing music (electric and acoustic bass), listening to live and recorded music, visiting tide pools, watching wildlife. The last 20 years! Went to Westminster College in Salt Lake City until 1977. Studied Biology and Math, played in college jazz ensembles (trombone and bass) and met my wife Enid (she played electric violin). Moved to Berkeley, California in late 1977 to attend graduate school at the University of California. Did research on DNA

Richard -Rick- Wood (Cont'd)

damage caused by UV light and got a PhD in Biophysics. In early 1982 moved to New Haven, Connecticut to do research at Yale University in molecular biology. This involved working pretty hard but played trombone in community orchestras in both CA and CT. In mid-1985 we moved to England (St. Albans, north of London) where I work at the Imperial Cancer Research Fund, the largest cancer research institute in Europe. Last year I was designated a "Senior Scientist" and lead my own research group with graduate students, postdoctoral fellows, and technical assistants. It's fun. There's been plenty of opportunity for travel along the way, all over the United States and Europe plus trips to Mexico, East Africa, and Japan. Sometimes this is strictly for fun and sometimes it's connected with science. I like to walk up mountains when abroad and recently have been to the top of the Ahorn Spitze in Austria, Kilimanjaro in Tanzania, and Ebino-Kogen in western Japan. And when there's a deep body of water available I usually jump in. I started playing music again a few years ago and took up double bass, playing in groups with friends at local pubs and at parties. Strangely this is the longest period I've ever lived in one place. We live in a village a few miles from the lab and I ride my bicycle to work.

Spouse's Name: Jim

Occupation: Bookkeeper

Attended McMurray College, San Juan College. The past 20 years have been very good to me. After graduating from F.H.S., I attended college for 1.5 years, during which time I met my husband, Jim. Together Jim and I completely built our home where we still reside today. Most of my "free time" is spent on activities with my two children, ages 13 and 16. I am active with 4-H, basketball and band booster clubs. I am also currently involved in a special interest group for Aztec Public Schools Talented and Gifted Program. My hobbies include gardening, genealogy, cooking and camping. My entire family is involved in environmental causes. I am presently, desperately trying to finish my schooling, seeking a degree in elementary education.

Married: 2nd time - 4 years
Children: 4

Occupation: State of Colorado Port of Entry Officer
Activities: Stamp collecting, gardening and landscape, love traveling in the 4 Corners area and learning the history. 3 years of college at NMSU, Las Cruces; married 1st time Connie Oldfield, 2 boys - Jared and Kevin. Married again to Marissa Maxwell, 2 step daughters, Sonrisa and Xrystal. Moved to Cortez in 1979. Worked for a bank lending money; went to work with the State of Colorado in 1985 as a Port of Entry officer in Cortez. The reunion sounds like it will be a lot of fun. I will not be able to make it because of work and other conflicting schedules. Live so close, yet so far when things don't work out. Say "hi" to all and best of luck and have a good time. If you have time, look Twila up, give her a big hug and tell her I need a phone number.
