

FHS Class of 1973

40 Year Reunion
July 19-20, 2013
SunRay Park & Casino
Farmington, NM

IN MEMORY

Forever is a very long time. How is it that people can talk so casually about a concept that we cannot even wrap our minds around?

Sometimes we have a friend and we sense that our souls are very closely connected. We know that the connection is above time and space. We know that wherever we are in our lives we will always remain friends. Even if we do not see each other for years we are able to pick up right where we left off. This is what people mean when they say Friends are Forever.

Subject : Deborah Pearson's Summary

To : 1973fhs@gmail.com

Hello Reunion Planning Committee,

I realized I had not sent in my check and 40-year summary yet and do apologize! I and my fiance, Paul Atkins will be there - mailing the check tomorrow, really :)

If it's not too late to be included, here is my summary:

I have been living in the Northwest and recruiting physicians for the past 20 years. Was married for 29 years, no children, divorced for 10 years and now happily engaged to a wonderful man Paul Atkins who has a daughter and 3 beautiful granddaughters. We met on Christian Mingle and are looking forward to spending our retirement years together between Seattle, WA, Big Sky, MT and traveling this beautiful world! We are blessed.

Thank you, and I am really looking forward to seeing you all!!

The last 40 years I have:

I went to West Texas State University in Canyon, TX majoring in Elementary Education. There I met the love of my life, Gene Chapin. After we got married, we moved to Lubbock, TX. I graduated from Texas Tech and Gene graduated from Lubbock Christian. We have been married 37 years and have three wonderful children. We lived in Farmington during the 80's. My husband was the manager of the 7-2-11 laundries and I had the privilege of staying home with our children. In 1990, we moved to Bayfield, CO. Gene was the minister for the church of Christ for 17 years. I took care of our children, helped Gene with his church work, sold Avon, and work in the 7-2-11 office 2 days a week. In 2007, Gene was diagnosed with leukemia. He resigned from his position at the church and we moved back to Farmington. I work full time in the 7-2-11 office. Gene had a stem cell transplant in 2009 and is doing very well. We both work full time and are enjoying our children and their spouses and our three sweet grandchildren.

The last 40 years:

I lived in Farmington, NM after graduating from FHS until 1980. During that time I began my career working in the Oil & Gas industry in the drilling fluids portion of the business. I worked for MagcoBar (now M-I Swaco, a Schlumberger Company) & Milchem (now Baker Hughes Drilling Fluids). While living in the Farmington area I married Cathy Glass in 1977. We showed horses and competed in the National and World Championship levels. In 1980, I was transferred to Salt Lake City, UT with the company (Milchem / Baker Hughes) to which I worked for, managing many areas of distribution & logistics operations in the Western United States through 1996. During this time, I continued to show horses in many areas of the United States. In 1986, Cathy and I separated. In 1990, through all my travels I continued to go back to Farmington every year for Christmas to spend time with family and friends. In 1990, I married Abbie Hazlewood and spent some time back in Farmington until 1993, to which at that time we separated. I had continued to work in many areas of the country in managing the distribution and wholesale division of Baker Hughes Drilling Fluids, primarily in the Rocky Mountain States. During these years I spent a lot of time snowmobiling in the Wind River Mountains, Yellowstone Park, and eastern Idaho & Montana during the winter months.

In 1996, I resigned from Baker Hughes Drilling Fluids and went to work for M-I Swaco (at that time it was M-I Drilling Fluids) and transferred from Salt Lake City, UT to Riverton, Wyoming. From 1996 to 2012 I have held various management positions within the company, building & modifying facilities to meet specific drilling fluid requirements from (Dartmouth, Nova Scotia, Canada / Bakersfield, CA / Wilburton, OK / Big Piney, WY / Dickinson & Stanley, ND/ Pecos, TX. There was even a stint to Venezuela to evaluate if we wanted to keep our equipment & operation in country after Mr. Chavez became president.

During this time I met my best friend and future wife, Joyce Buser, in Farmington, NM in 1994 at my brother Ben Hazlewood's Christmas Party. In the spring of 1996 we married and move with Kyle (my step-son) to Riverton, Wyoming. In 1998, we were blessed with the birth of our daughter Kathryn (Katie). In the years from then to now, we have raised our children, participated in hauling them over most of Wyoming to sports, academic, and family excursions. This included snowmobiling, skiing (Joyce, Kyle, & Katie – I just watch) working cattle, riding the horses in the mountains, camping trips, 4-H projects (market pigs), dance recitals, wrestling, volleyball, and with trips to Disney Land / Niagara Falls, Canada / Philadelphia, PA / Washington, DC. , and the trips to visit relatives in New Mexico and Arizona through the years.

Our children have grown, Kyle is working for an electrical supply company in Riverton, he still likes to hunt and fish as often as he can. Katie will be a sophomore in Riverton High School when school starts in August. She is an office in the FFA Chapter, heading to the National FFA Convention in the fall, academically number 1 in her class. She is currently participating in a People to People Ambassador program to which she is currently on a trip to Western Europe.

In 2012, I resigned from M-I Swaco and joined a group from Canada (Bri-Chem Supply Corp) to build a wholesale drilling fluids company in the United States. I am currently the US Sales & Marketing Manager, with facilities from Bakersfield, CA to Leetsdale (Pittsburgh), PA. I feel very fortunate to work for and with a great group of people with this company and our associated companies in this industry.

During all of these years I have worn out a lot of pickups traveling all over the United States in pursuant of the industry I have been involved in now for 41 years (I started working at a warehouse when I was a Junior at FHS), I have estimated I have driven over 2.5 million miles.

I look forward to seeing everyone that is able to attend the reunion to celebrate the years we spent together 40 years ago.

J.E. (John) Hazlewood

THE LAST 40 YEARS I HAVE:

Traveled. A lot.

Lived in a foreign country twice.

Been married to the same man, Jerry Hoggatt, for 37+ years – and I still love him!

Spent hours and hours working in my yard and garden.

Experienced lots of crazy.

Had breast cancer. Rocked the bald look. SURVIVED! Woo hoo! Adopted the motto "Yes, these are fake. My real ones tried to kill me!"

Became a huge baseball fan. Not huge in body size, but huge in passion for the game. Am in my 11th season working for the Colorado Rockies Baseball Club. Learned a lot about baseball – don't know as much as a guy, but still. Have seen a lot of MLB games including the Rockies in the World Series in 2007.

Experienced great joy and great sorrow. Enjoying 4 kids and 5 grandbabies – all of whom are awesome in spite of me, not because of me. Saw my son go to war 3 times. Saw my daughter become a very young widow after only 2 years of marriage. Lost a brother to suicide.

Hopefully learned some things along the way. Hopefully along with the "older" there is a little "wiser" and "kinder" added in.

Loving my life right now.

Yvette

last 40 years I have:

Worked 25 years for one attorney; worked 1 1/2 years for another attorney. In 2002 I partnered with my longtime friend, Judy Castleberry, and we opened Partners Assisted Living Services, Inc., providing non-medical in-home care for seniors. We successfully ran the business for 9 1/2 years before selling it in 2012. I now work part-time at San Juan College as an administrative assistant in the Center for Teaching Excellence. In 2011 it was necessary to move my mother-in-law in with us so I take care of her and all of her financial affairs, as well as helping out my own mother. It's been a blessing to be able to help both of our mothers as their needs have changed through the years.

Survived 8 days in the jungle of Panama in 2006 when my husband, Don, took a group of students from San Juan College and taught a field biology class on sustainable harvest in the jungles of Panama. I survived sleeping on a concrete floor with bats (and other creatures) flying about all night long. Thank goodness for mosquito netting! In 2010 we went with a group from the college on a trip around the entire Yucatan Peninsula with our own private tour guide. I successfully climbed the highest Mayan pyramid in Mexico.

My husband, Don, and I just celebrated our 21st anniversary, and look forward to many, many more anniversaries (but perhaps not any more trips to the jungle of Panama).

The last 40 years I have:

Well...since you asked...I had a wonderful opportunity to travel to the Antarctic to participate in a penguin count. Sadly, I could not tell them apart and after several double counts, I was fired. I decided that religious life might be the ticket and joined a convent. Mother Superior didn't approve of my dating and gambling and suggested something different. Since my hormones were a bit out of whack, I found a job as the bearded lady in a circus! Several years later, I joined the rodeo and became the first woman clown to be shot out of a canon! My entertainment contacts led to me meeting and marrying a prima ballerina and we traveled with the company. Unfortunately, he gained a few pounds and the girls complained about having to catch him. After the lawsuit was settled, we retired and started having children. Our children had children and I lost count of numbers and names, but in researching my ancestry the name "Honey Boo Boo" kept coming up... so there is fame!!

My version: BA & FHS teacher; MA & School administrator; JD & criminal defense attorney.

Right after High Shool I move to L.A. and San Diego. I returned to Farmington a year later. I married for the second time in 1979 to Jerry Freeman. We have 3 beautiful girls and they are my greatest achievement. We are very proud of them. I am proud to say that I was a "Stay Home Mom"until 1993 when I went to work as a Legal Assistant for 15 years. I now work full time for my husband running our own business, Southwest Hydraulics, Inc. We now have 6 grandchildren and I enjoy spending as much time as possible with them. When I write this down it all sounds so boring but my Family is the most important thing in my life and it is the little things in life that make everything worth living. the last 40 years I have:

In May of 1979 I began dating my wife, Johnnie. We married in May 1980. In July of 1982 we became parents to our daughter Crystal Lynn. Late in 1983 we had our son, Sterling Michael. The next 20 years or so were @ Jr. Rodeo and 4-H meetings. We worked hard to instill a good work ethic and sense of responsibility within our children. Being involved with 4-H & Rodeo helped us achieve those goals. I was involved in 4-H as a leader and taught metal cutting, welding & roping skills. I served on the Jr. Rodeo Boards and as Equipment Manager @ the National High School Rodeo Finals held in SJ County in 2003. Our daughter, Crystal is married to Billy Tafoya and Lives in SJ County. Our son, Sterling has a wonderful girlfriend, Cy Brashears and they live in Phoenix, AZ.

My greatest pleasure and achievement is my wonderful family. I am so proud of my children and their values and accomplishments.

the last 40 years I have:

Attended NMSU and UNM. Got kicked out of UNM. Moved to Houston, Tx., played in a couple of heavy metal bands, worked at Texas Tapes & Records, met Ozzy Osbourne, The Scorpions, Def Leppard, Motorhead, etc. Moved back to NM, joined a 50's show band. Toured Western U.S. and Canada non-stop for 2 years. Band broke up, started up a trio in British Columbia. Married a cute girl from Saskatchewan had two girls now 13 and 18 yrs. old. Bought a house in OYAMA, B.C. A stones-throw from Wood Lake. Got 2 sailboats, 1-fishing boat, 1-speedboat and a canoe. I played music for a living for 25 years but the economic climate has forced me to get a day job.

currently work as a jet engine mechanic at Kelowna Flight
